

**CONNECTICUT NATURAL GAS CORPORATION  
RIDER SC  
(SPECIAL CONTRACT)**

**1. AVAILABILITY:**

In the event that the service desired by a customer is not available under any standard rate of the Company, such service may be obtained, in the sole discretion of the Company, through a special contract with the Company to the extent permitted under applicable Rules and Regulations and provided no discrimination against other customers would result thereby. Special contracts are available when a customer requires terms, conditions and/or rates that deviate from existing tariffs. They exist for a limited number of unique, typically large, customers with unusual service requirements. All such special contracts are subject to review and approval by the Public Utilities Regulatory Authority (the "Authority"), including potential formal hearings.

**2. TERMS & CONDITIONS:**

The service rendered under this Rider SC shall be subject to the Company's Terms and Conditions, as currently on file with the Authority. Specific Terms and Conditions related to the special contract are subject to review and approval by the Authority as noted above.

**3. METERING:**

A) Each special contract unit will be separately metered and a separate billing account will be established;

B) A Daily Demand Meter may be required, in accordance with the Customer's otherwise applicable tariff, for all Customers taking service under this Rider SC.

**4. TERM OF SERVICE:**

Customer must abide by the term of service as defined in the contract.
